## "Building Your Home Improvement Skills"

### Are YOUR Screws Loose?

**Fall Maintenance**

Are your screws loose? Maybe the ones in your head aren't loose, but how about the ones in your house? With the lazy, hazy days of summer behind us it's time to take stock of our homes and get them ready for winter.

What is your domestic dilemma? Do you have a sprinkler system but don't know how to get it winterized? Do you need to caulk your doors and windows but you don't know where to start? What about that outlet that doesn't work or that towel rack that just won't stay attached to the wall? Workshop for Women is here to help.

Our New Homeowner class, coming in October, will teach you the basics of caring for your home. We will cover everything from

your roof to your basement and everything in between.

Between now and then here are some tasks you should be scheduling to have taken care of before Halloween:

1. Change your furnace filter.
2. Shut down, drain and cover your swamp cooler if you have one. If you're not sure you definitely need to consider taking our class ☺
3. Vacuum the coils on the back of your refrigerator.
4. Shut down and blow out your sprinkler system.
5. Clean your gutters.
6. Check your roof for damage and possible leaks.
7. Check the batteries in your smoke detectors.
8. Insulate your exposed

water pipes and outdoor faucets

9. Caulk your windows and doors.
10. Winter weed and feed your lawn.
11. Plant bulbs.
12. Clean and cover flower beds and planters.
13. FIND YOUR SNOW SHOVEL! You're going to need it!

Here's some of our classes that might help you get these tasks completed.

Old Faithful in Your Backyard? (Sprinkler maintenance & Repair)

Sat Sept 9th, Mon Oct 1st and Sat Oct 6th.

The Morning After (Closing). Homeowner Maintenance. Coming in October!

## Introducing a Handywoman for Women!

Many of you know Miriam as the instructor of our "Old Faithful in Your Backyard? Sprinkler Maintenance & Repair Class. She is now available to help you at home!

Miriam Swihart has been fixing things since her Dad put a hammer in her hand at age seven. So, if you are looking for someone that will tell you the truth, explain what needs to be done and even how it is done; someone that will fix your problem and charge you a reasonable price you have found her.

Miriam can help you with those pesky problems or major concerns, inside and out.
