## **Student Testimonials**

### **What Students say about Workshop for Women:**

*"The surroundings provided in the house make the whole experience very pleasant. The organization of the instructor, the materials, and the hands-on experience make this class the best of its kind that I have ever taken."* Leslie (Aurora, CO)

*"I especially love the truly hands-on approach of these workshops. Listening to something and actually doing it are very different things. Lots of opportunities to practice were provided and very much appreciated."* Leslie (Aurora, CO)

*"It was nice to practice in a non-threatening environment"* Jan (Highlands Ranch, CO)

*"Classes are a perfect size"* Jeni (Westminster, CO)

*"Great Instructor, very knowledgeable"*

*"Instructor's enthusiasm"* Sandy (Aurora, CO)

*"The classes are women friendly and are not intimidating"* Amy (Highlands Ranch, CO)

*"I like the small class size, the convenient work area and the tools"* Ros (Denver, CO)

*"Knowing this stuff is liberating!"* Kim (Denver, CO)

*"Hands-on is great!"* Julie (Superior, CO)

*"The instructor is very patient and gives good instruction"*

*"I really enjoyed the comfortable atmosphere"*

*"I liked the small class size and individual attention. I also liked that we started with the most basic information."*

*"I liked the individual attention"* Janet (Denver, CO)

*What I liked most about the class is "the company of other women interested in the same things"*  
Linda (Golden, CO)

*"I've enjoyed all of the classes I've taken and look forward to taking more"* Donna (Denver, CO)

*"I like how comfortable it is to learn home improvement skills here"* Amy (Highlands Ranch, CO)

*"I really liked Judy's patience with my inexperience and her ability to explain things on a beginner level. Thanks so much, I enjoyed it"*

*"Judy, Thanks so much for empowering me with home repair. You've eliminated the mystery behind my house and now I can approach issues without fear"* Karen (Denver, CO)

*"Before the classes I felt intimidated by home repairs. I left with a set of basic skills and the confidence to try tasks I previously would have been afraid of. Judy- when you help someone find confidence, you have given her a meaningful gift. Thank You!"* Sandy (Denver, CO)

### **What Students say about "What the Guys Never Tell Us – Part 1" (Basic Power Tools):**

*"Hands-on, hands-on, hands-on!"* Cheryl (Englewood, CO)

*"I had fun!"* Karen (Denver, CO)

*"The mystique is gone!! I'm not afraid of my drill anymore!!"*

*"I especially love the truly hands on approach of these workshops. Listening to something and actually doing it are very different things. Lots of opportunities to practice were provided and very much appreciated."* Leslie (Aurora, CO)

*"The class demystified the power tools, especially the saw. Now I don't have to be afraid of them any more"* Pam (Parker, CO)

*"Loved the hands-on work; I suppose I could have taught myself from a manual, but there are so many little tips & 'need to knows' that I wouldn't have known about; also it is great to get instant feedback/correction when needed"* Jill (Castle Rock, CO)

*"It was amazing how much learned and how much I already knew"* Barb (Golden, CO)

*"Very Empowering!"* Laura (Centennial, CO)

*"All my questions were answered, even if it wasn't about saws and drills"* Michelle (Denver, CO)

*"I like the feeling that this stuff is not rocket science and can be safe with attention to safety. It's not scary anymore!"* Kate (Centennial, CO)

*"Fun and woman oriented." I liked "practicing enough & succeeding"* Jill (Golden, CO)

*"It totally eliminated any intimidation that I had before about the tools – especially the saw"* Kim (Denver)

*I liked " the hands-on, and the ability to cut and drill multiple times allowed me to learn exactly what I was doing wrong and correct it"* Erin (Superior, CO)

*I liked "the small class size and the hands-on experience. I felt very comfortable and not intimidated like I expected."*

*"I thought I knew about drills, but there were a lot of helpful tips I did not know"*

*"The mystique is gone!!" "I'm not afraid of my drill anymore!"* Robbie (Denver, CO)

*"The materials and preparation are the best – it's easy to follow along and to learn"*

*"I liked the small class size; it was easy for me to understand and was a comfortable pace"* Katy (Denver, CO)

### **What Students say about "What the Guys Never Tell Us – Part 2" (Basic Carpentry):**

*"I'm excited to get started on my shelves and picture frames"* Kathy (Aurora, CO)

*"I liked using the saw to actually make something. I really enjoyed using the power tools!"*  
Becky (Highlands Ranch, CO)

*"I'll be making some shelves for my shed"* Irene (Colorado)

*"There is nothing that could be improved about this class"* Carol (Englewood, CO)

*I liked the "clarity and individual attention"* Nancy (Denver, CO)

*"I feel much more confident w/ these 2 tools –saw & drill – plus now I know a lot more about chalk line and nail removal. I liked making a real, hands-on take home project"* Kathleen (Denver, CO)

*"I liked being able to build something"* Donna (Denver, CO)

*"Building Your Home Improvement Skills"*

*"Great info, great instruction – creative"* Mary Beth (Denver, CO)

*"I liked the individual attention and sense of accomplishment"* Ros (Denver, CO)

*"I like the friendly and experienced instructor"* Carol (Englewood, CO)

### **What Students say about "FINALLY Fixing that Hole" (Drywall Repair):**

*"The best class I've ever taken!"* Judy (Denver, CO)

*"I liked the hands on learning and the variety of ways to fix a hole."* Laura (Centennial, CO)

*"The class is wonderful. It is very empowering to do things myself. I now have the confidence to fix any size hole."* Laura (Centennial, CO)

*"I feel confident now about tackling these jobs at home"* Pam (Parker, CO)

*"I liked that the instructor was willing to have you learn and wanted to meet my needs."*

Tomiko (Highlands Ranch, CO)

*"This is the best of the 3 I have taken. It has the most value to me because I am sure I will use it and I will be comfortable and confident"* Jan (Highlands Ranch, CO)

*"It's easy to fix things once you know what to do. Judy is very thorough and practical in her explanations."*

*"The instruction level was perfect for someone who knew nothing to begin with"* Cindy (Centennial, CO)

*"I liked that the class was small and that there was plenty of time for questions"* Juanita (Aurora, CO)

*"I liked being able to actually repair drywall in class, I also liked the small group and the personal attention by the instructor"* Pat (Brighton, CO)

*"I liked that the class was casual and friendly and the information was basic"*

*"I like the hands-on experience and the ability to learn from my mistakes"*

### **What Students say about "My Screws are Loose" (Wall Anchors & Fasteners):**

*"I really enjoyed this class. I now have a much better understanding of how anchors work, which ones work well, which one's don't. Knowing what is going on behind that wall takes the mystery out of the anchor and provides the knowledge of what to use for what and when to stop screwing the thing in. No more towel racks pulling out of the wall for me!"* Leslie (Aurora, CO)

*"The hands-on experience is much better than recommendations from a hardware salesperson."* Pam (Parker, CO)

*"Good hands on basic training and a great booklet!" "Great for building confidence"*

*"I liked the one-on-one attention; it was very informative and fun!"*

*"I wish the classes were longer, I could do this all night!"* Elyse (Denver, CO)

*"The instructor was very adaptive to each of our situations"* Marni (Denver, CO)

*"No pressure, no exams ☺". Awesome class I wouldn't change a thing"* Elizabeth (Denver, CO)

*"Building Your Home Improvement Skills"*

*"I enjoyed the company of other women that are interested in the same things"* Linda (Golden, CO)

*"I like the ability to try everything and to ask questions"* Susan (Denver, CO)

*"I liked learning what goes where and that using just a screw in drywall was useless. I liked learning what anchor is best for what purpose"*

*"Taught at a level that I understood" "Very well organized, handout material is excellent"* Cynthia (Centennial, CO)

*"Relaxing and supportive"* Colleen (Denver, CO)

### **What Students say about "Let There Be Light" (Electrical Basics):**

*"This class was well thought out and I learned a LOT!"* Sandy (Franktown, CO)

*"I love the all woman atmosphere"* Sandy (Franktown, CO)

*"I enjoyed the combination of lecture and hands-on work"* Ros (Denver, CO)

*"This class gave me knowledge and confidence, I feel much more comfortable about electricity"* Leslie (Aurora, CO)

*"I'm not afraid of electricity and wiring any more"* Jan (Highlands Ranch, CO)

*"I liked learning how to test circuits and understanding how power is distributed throughout my house"* Jan (Highlands Ranch, CO)

*"I'm going to change everything in my house, ceiling fans, garbage disposal and switches"* Kim (Denver, CO)

*"I love the practical suggestions for what not to do and working through each of our specific issues. This takes the scariness out of electricity. Knowledge is power and freedom"* Kim (Denver, CO)

*What I liked most is "the hands-on"* Roseanne (Silverthorne, CO)

*"I'm going to install a dimmer switch and a fan!"* Amy (Westminster, CO)

*"I liked the hands-on and being able to talk my way through my basement project and the verbal problem solving"* Cheryl

*"I liked the hands-on experience and the step by step instruction"* Maureen (Denver, CO)

*"This was such an eye opening experience for me. The skills I've learned have been very empowering, Thanks for the time"* Karen (Denver, CO)

*"Every woman should take this class to gain confidence & to understand her home"* Kristin (Westminster, CO)

*"I liked the informal approach, the intimate setting, the experiential learning"* Jean (Denver, CO)

*"This class was well thought out. I enjoyed it and learned a lot!"* Sandy (Parker, CO)

*"This helps me understand wiring and feel much more comfortable about it. It gave me knowledge and confidence"* Leslie (Parker, CO)

**What Students say about "Old Faithful in Your Backyard? – Sprinkler System Maintenance and Repair":**

*"I have the confidence to tackle the start up and shut down, routine repairs and trouble-shooting.",  
"I like the small size, the great individual attention and the well-thought out content"* Judy  
(Broomfield, CO)

*"I will now repair the leaking system that came with my new house" "I like the hands-on cutting  
pipe, taping and gluing pipe"* Margaret (Thornton, CO)

*"I'm going to turn on my sprinkler tomorrow and then maintain it!" "I like the hands-on, making the  
connections, cutting the pipes, etc."* Candice (Colorado Springs, CO)

*"I like the individual attention and the subject matter" "I am going to go through my system, map it  
and determine if I can make it more efficient"* Ros (Denver, CO)

**What Students say about "Construction 101":**

*"I liked learning about the different tools and materials"*

*"Now I will feel much more comfortable on a Habitat site"*

*"I liked the size of the class, the hands-on activity and the wealth of information provided"*

*"Covering very basic information was very helpful"* June (Highlands Ranch, CO)

*"I liked learning about how a house goes up step-by-step; I always thought that it must be so  
complicated, but it really isn't"* Jill (Castle Rock, CO)

*"Now I won't be nervous about my first day on a Habitat construction site"* Jill (Castle Rock, CO)

*"I liked just the "101" of this stuff"* Shelley (Littleton, CO)

*"I liked the small size, the energetic teacher – very knowledgeable! Very Fun!"* Karin (Denver, CO)

*"I plan to volunteer on a Women Build house, the class size was perfect and I liked the hands-on  
activities and the wealth of information"*

*"I liked seeing different tools and what they are used for" "I will feel much more comfortable on site"*
