

## Testimonials

### What Students say about Workshop for Women

*"The surroundings provided in the house make the whole experience very pleasant. The organization of the instructor, the materials, and the hands-on experience make this class the best of its kind that I have ever taken."* Leslie (Aurora, CO)

*"It's a really approachable atmosphere. Great opportunity for questions and very comfortable"* Wendy (Arvada, CO)

*"Cathy was right, I am so glad I came here this is very valuable for women. Your sensitivity to what we don't know and what we ask is very helpful".* Karen (Denver, CO)

*"It was nice to practice in a non-threatening environment"* Jan (Highlands Ranch, CO)

*"I feel more comfortable with each class I take. I love knowing I can do all this stuff by myself".* Kyra (Castle Rock, CO)

*"Classes are a perfect size"* Jeni (Westminster, CO)

*"Great Instructor, very knowledgeable" "Instructor's enthusiasm"* Sandy (Aurora, CO)

*"I especially love the truly hands-on approach of these workshops. Listening to something and actually doing it are very different things. Lots of opportunities to practice were provided and very much appreciated."* Leslie (Aurora, CO)

*"The classes are women friendly and are not intimidating"* Amy (Highlands Ranch, CO)

*"I like the small class size, the convenient work area and the tools"* Ros (Denver, CO)

*"Knowing this stuff is liberating!"* Kim (Denver, CO)

*"Hands-on is great!"* Julie (Superior, CO)

*"The instructor is very patient and gives good instruction" "I really enjoyed the comfortable atmosphere" "I liked the small class size and individual attention. I also liked that we started with the most basic information." "I liked the individual attention"* Janet (Denver, CO)

*What I liked most about the class is "the company of other women interested in the same things"* Linda (Golden, CO)

## Testimonials

### **What Students say about "The Morning After ... Closing" (Home Maintenance)**

*"I liked the interaction with the other students and Judy. The opportunity to ask a lot of questions and the hands-on. I wish it were longer!"* Kerry (Denver, CO)

*"I'll be making a calendar for my home maintenance tasks, I liked the reference material"* Maureen (Denver, CO)

*"I'm going to look at my circuit breakers and change my furnace filter! I thought the class was well organized and the instructor was informative and patient"* Mary (Denver, CO)

*"I'm going to get my HOA to fix my gutters and change my furnace filter. I liked that the class covered most general questions"* Sally (Louisville, CO)

*"I liked the individual attention and flexibility to have my questions answered; I'll be fixing my gutters"* Amy (Berthod, CO)

*"I liked that the class touched on so many things that are helpful to know about my home. It includes review, instruction, hands-on and some great checklists"* Joanne (Denver, CO)

*"I liked the huge variety of things you covered. I also liked that you took the time to answer each person's questions and individual concerns"* Angela (Thornton, CO)

*"It was informal, yet informative. I got clear, concise answers to my questions and I like the student manual. Everything was very easy to understand."* Kathy (Highlands Ranch, CO)

### **What Students say about "FINALLY Fixing that Hole" (Drywall Repair)**

*"The best class I've ever taken!"* - Judy (Denver, CO)

*"The class is wonderful. It is very empowering to do things myself. I now have the confidence to fix any size hole."* - Laura (Centennial, CO)

*"I feel confident now about tackling these jobs at home"* - Pam (Parker, CO)

*"I liked that the instructor was willing to have you learn and wanted to meet my needs."* Tomiko (Highlands Ranch, CO)

*"This is the best of the 3 I have taken. It has the most value to me because I am sure I will use it and I will be comfortable and confident"* Jan (Highlands Ranch, CO)

## Testimonials

*"It's easy to fix things once you know what to do. Judy is very thorough and practical in her explanations." "The instruction level was perfect for someone who knew nothing to begin with" Cindy (Centennial, CO)*

*"I liked that the class was small and that there was plenty of time for questions" Juanita (Aurora, CO)*

*"I liked being able to actually repair drywall in class, I also liked the small group and the personal attention by the instructor" Pat (Brighton, CO)*

*"I liked that the class was casual and friendly and the information was basic" "I like the hands-on learn in a comfortable environment" Chad (Longmont, CO)*

*"The class size was perfect, the personal attention was excellent and the hands-on projects were very good!" Joe (Broomfield, CO)*

*"The best class I've ever taken!" - Judy (Denver, CO)*

*"The class is wonderful. It is very empowering to do things myself. I now have the confidence to fix any size hole." - Laura (Centennial, CO)*

*"I feel confident now about tackling these jobs at home" - Pam (Parker, CO)*

*"I liked that the instructor was willing to have you learn and wanted to meet my needs." Tomiko (Highlands Ranch, CO)*

*"This is the best of the 3 I have taken. It has the most value to me because I am sure I will use it and I will be comfortable and confident" Jan (Highlands Ranch, CO)*

*"I liked that the class was casual and friendly and the information was basic" "I like the hands-on learn in a comfortable environment" Chad (Longmont, CO)*

## Testimonials

*"The class size was perfect, the personal attention was excellent and the hands-on projects were very good!" Joe (Broomfield, CO)*

### **What Students say about "My Screws are Loose" (Attaching almost anything to walls and ceilings)**

*"I really enjoyed this class. I now have a much better understanding of how anchors work, which ones work well, which one's don't. Knowing what is going on behind that wall takes the mystery out of the anchor and provides the knowledge of what to use for what and when to stop screwing the thing in. No more towel racks pulling out of the wall for me! - Leslie (Aurora, CO)*

*"The hands-on experience is much better than recommendations from a hardware salesperson." - Pam (Parker, CO)*

*"Good hands on basic training and a great booklet!" "Great for building confidence" "I liked the one-on-one attention; it was very informative and fun!"*

*"I liked the hands on and that I got to try all types of fasteners and actually hang a toilet paper holder". Marilen (Denver, CO)*

*"It was good to hear real-life examples discussed like the windows and the tips for finding studs was excellent" Jen (Highlands Ranch, CO)*

*"I liked that we actually got to do the work!" Cynthia (Westminster, CO)*

*"I'm no longer nervous about things falling off my walls; I know how to hang them properly" Cathy (Denver, CO)*

### **What Students say about "What the Guys Never Tell Us" (Basic Power Tools)**

*"I especially love the truly hands on approach of these workshops. Listening to something and actually doing it are very different things. Lots of opportunities to practice were provided and very much appreciated." Leslie (Aurora, CO)*

*"The class demystified the power tools, especially the saw. Now I don't have to be afraid of them any more" - Pam (Parker, CO)*

*"It was amazing how much I learned and how much I already knew" - Barb (Golden, CO)*

*"Very Empowering!" - Laura (Centennial, CO)*

## Testimonials

*"All my questions were answered, even if it wasn't about saws and drills" Michelle (Denver, CO)*

*"I like the feeling that this stuff is not rocket science and can be safe with attention to safety. It's not scary anymore!" Kate (Centennial, CO)*

*"Fun and woman oriented." I liked "practicing enough & succeeding" Jill (Golden, CO)*

*"It totally eliminated any intimidation that I had before about the tools – especially the saw" Kim (Denver)*

*I liked " the hands-on, and the ability to cut and drill multiple times allowed me to learn exactly what I was doing wrong and correct it" Erin (Superior, CO)*

*I liked "the small class size and the hands-on experience. I felt very comfortable and not intimidated like I expected." "I thought I knew about drills, but there were a lot of helpful tips I did not know" "The mystique is gone!!" "I'm not afraid of my drill anymore!" Robbie (Denver, CO)*

*"The materials and preparation are the best – it's easy to follow along and to learn) "I liked the small class size, it was easy for me to understand and was a comfortable pace" Katy (Denver, CO)*

### **What Students say about "What the Guys Never Tell Us " Part 2 (Basic Carpentry)**

*"I'm excited to get started on my shelves and picture frames" Kathy (Aurora, CO)*

*"I liked using the saw to actually make something. I really enjoyed using the power tools!" Becky (Highlands Ranch, CO)*

*"I'll be making some shelves for my shed" Irene (Colorado)*

*"There is nothing that could be improved about this class" Carol (Englewood, CO)*

### **What Students say about "Do you Hear Water" (Plumbing 101)**

*"This class was great! I'm going to fix my toilets, leaky faucet and drains. Wow! I liked the hands on, individual attention and having my questions answered" Sue (Littleton, CO)*

*"The hands-on piece is extremely helpful to have the opportunity to see all the pieces I need to be aware of when doing repairs" Wendy*

## Testimonials

*"I'll be replacing 3 bathroom sinks and an outside faucet along with removing my garbage disposal. I liked the hands-on practice and getting the answers to questions about my specific projects. The list of necessary tools, too." Kerry*

*"I'm going to fix my bath tub faucet and replace my kitchen faucet. I liked the hands-on work and all of the visuals. Thank You! I feel like I have the confidence I need to proceed." Lynette (Aurora, CO)*

*"I liked Judy's willingness to answer all the questions and the hands-on experience." Anon (Wheatridge, CO)*

*"I liked the interaction with the instructor and my classmates. Also the hands-on." Anon (Denver, CO)*

*"I like the hands-on, great explanations and the encouragement to try things. I'm going to fix the 'hiss' in my toilet!" Anon (Arvada, CO)*

### **What Students say about "Let There Be Light" (*Electrical Basics*)**

*"This class was well thought out and I learned a LOT!" Sandy (Franktown, CO)*

*"I love the all woman atmosphere" Sandy (Franktown, CO)*

*"I enjoyed the combination of lecture and hands-on work" Ros (Denver, CO)*

*"This class gave me knowledge and confidence, I feel much more comfortable about electricity" Leslie (Aurora, CO)*

*"I'm not afraid of electricity and wiring any more" Jan (Highlands Ranch, CO)*

*"I liked learning how to test circuits and understanding how power is distributed throughout my house" Jan (Highlands Ranch, CO)*

*"I'm going to change everything in my house, ceiling fans, garbage disposal and switches" Kim (Denver, CO)*

*"I love the practical suggestions for what not to do and working through each of our specific issues. This takes the scariness out of electricity. Knowledge is power and freedom!" Kim (Denver, CO)*

*What I liked most is "the hands-on" Roseanne (Silverthorne, CO)*

*"I'm going to install a dimmer switch and a fan!" Amy (Westminster, CO)*

## Testimonials

### **What Students say about "Old Faithful in Your Backyard? (Sprinkler System Maintenance and Repair)**

*"Excellent class, I would recommend it to anyone who has a sprinkler system" Peter (Arvada, CO)*

*"I am so grateful for the one-on-one attention. I got all of my questions answered and I had a lot. I liked the hands on aspect and I can diagnose problems and replace parts. I am amazed at how straightforward this is. I feel like it has lost its aura of mystery and I feel empowered to tackle this on my own" Kerry (Denver, CO)*

*"I have the confidence to tackle the start up and shut down, routine repairs and troubleshooting."*

*"I like the small size, the great individual attention and the well-thought out content" Judy (Broomfield, CO)*

*"I will now repair the leaking system that came with my new house"*

*"I like the hands-on cutting pipe, taping and gluing pipe" Margaret (Thornton, CO)*

*"I'm going to turn on my sprinkler tomorrow and then maintain it!"*

*"I like the hands-on, making the connections, cutting the pipes, etc." Candice (Colorado Springs, CO)*

*"I like the individual attention and the subject matter"*

*"I am going to go through my system, map it and determine if I can make it more efficient" Ros (Denver, CO)*
